**SERVICES FOR VETERANS**

# SERVICES FOR VETERANS

Samaritan Daytop Village is nationally recognized for pioneering specialized treatment for male and female veterans struggling with drug and alcohol dependency, Post-Traumatic Stress Disorder (PTSD) and other life challenges. We also provide support services in the community for veterans and their families who are homeless or at risk of becoming homeless.

## Residential Addiction Treatment for Veterans

We understand military veterans share a powerful and strong bond. Our dedicated staff delivers intensive,

evidence-based treatment that leverages the veteran's experience. We address drug and alcohol dependency and veteran-specific concerns such as PTSD, co-occurring disorders, workforce re-integration and relapse prevention, all within a community of veterans in recovery.

Our clinical approach is grounded in the Sanctuary Model, which recognizes the prevalence of trauma and its impact on all aspects of human functioning. Our treatment philosophy emphasizes safety, respect, empowerment, mutual self-help, personal integrity, peer support and social responsibility.

## Services include:

- Individual and Group Addiction Counseling
- Evidence-Based Treatment (including Moral Reconciliation Therapy (MRT), Seeking Safety, and Prolonged Exposure Therapy)
- Medication-Assisted Therapy
- Health and Mental Health Care
- Education and Employment Services
- Housing Referral Assistance
- Benefits Counseling
- Family Counseling by Referral
- Recovery Skills Development
- Recreational Activities

We operate three veterans treatment programs:

### Women Veterans Program

New York's first residential treatment program dedicated exclusively for female veterans, and veteran family members, in Ulster County. Gender-specific services in a trauma-informed and secure environment provide a place for women veterans to heal and transition back to their families and society.

### 43rd Street Veterans Program

Our flagship treatment facility for male veterans, located in midtown Manhattan, provides unmatched treatment for

addiction, PTSD and other life challenges for male veterans. This program has linkages with a range of resources and an outpatient track for veterans within our continuum of care.

### Ed Thompson Veterans Program

Located in Richmond Hill, Queens, this newly renovated state-of-the-art facility for male veterans offers high quality treatment for drug and alcohol dependency. This program boasts quiet spaces for reading and reflection, community space for bonding, and a trauma-informed treatment approach.

## Housing for Veterans and Their Families

Our growing portfolio of Permanent Supportive Housing Residences provides an affordable apartment, rental assistance and support services to New Yorkers – including veterans – in need of a place to live. A bridge to self-sufficiency, the program generally requires recipients pay approximately 30% of their monthly adjusted income toward rent while they work toward establishing greater financial stability and self-sufficiency. However, each residence has specific requirements regarding rental assistance. We also provide case management that links clients to needed services and other support in the community.

# WHERE GOOD LIVES™

## Every day good wakes up and rolls up its sleeves at Samaritan Daytop Village.

For nearly 60 years, Samaritan Daytop Village has been improving the quality of life for New Yorkers. We are nationally recognized for our treatment of substance use disorder as well as for the veteran-specific approach we pioneered. Our continuum of services also includes health and mental health care, transitional and

supportive housing, educational and vocational assistance, peer-assisted recovery, and specialized programs for adolescents, families and seniors.

Annually, Samaritan Daytop Village serves over 33,000 people at more than 50 facilities throughout New York City, Long Island and upstate New York, and we continue to grow. With our dedicated staff and partners in the community, we find the Good within the people we serve.
